### REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

In relation to **claims 1-11**, the prior art of record does not disclose or suggest, *inter alia*, a hollow double ended needle, a support for the needle, a housing for the needle and the support, the housing comprising a wall extending about a longitudinal axis thereof and a first open end; wherein the housing surrounds the support and the needle before, during and after use of the device so as to shield a user from injury, and a first bung arranged between the first open end of the housing and the support so as to be axially slidable within the housing.

In relation **claim 12**, the prior art of record does not disclose or suggest, *inter alia*, a needle hub comprising a protruding portion and a base portion connected one to the other by a frangible portion wherein the protruding portion is capable of collapsing within the base portion when force is applied to break the frangible portion causing an end of the needle to protrude beyond the end of the needle hub.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Manuel Mendez whose telephone number is 703-308-2221. The examiner can normally be reached on 0730-1800 hrs.
